Job Purpose and Organizational Context

Why the job exists:

Reporting to the Branch Director, the Field Services Manager leads a team in supporting the department, Minister of Education and several Kindergarten to Grade 12 school authorities including independent schools across a broad geographic area of the province. Within the context of legislation, regulations and policies, the Field Services Manager promotes innovation and system effectiveness; monitors and provides direction to school authorities including independent schools for compliance on planning, reporting and accountability/assurance requirements; and is accountable for ensuring school authority compliance. The Field Services Manager also supports school authorities with issues management and fosters continuous improvement. This position handles highly confidential information and is relied on to exercise sound judgment when providing information to Ministry staff, stakeholders and the public.

Responsibilities

Job outcomes (4-6 core results), and for each outcome, 4-6 corresponding activities:

1. Provide comprehensive and diverse services to school authorities, stakeholders and the public (when referred by the Minister). The Field Services Manager contributes significantly to the department's

mandate to provide standards and program implementation direction and supports to school authorities. This position is responsible for contributing to the development, interpretation and implementation of education-related legislation, regulations and policies and ministry programs and initiatives. This leadership role strengthens connections between ministry priorities and school authority work in the service of several hundred thousand Kindergarten to Grade 12 students across the province of Alberta. This position is required to travel regularly within the province of Alberta for meetings with school authority leaders and stakeholders (the Field). Travel outside of the office ranges from 10%-20% of work time.

2. Oversee and monitor approximately 10 to 15 school authorities and private schools within a broad geographic area of the province grounded by government and ministry legislation, regulations, policies, directives and procedures to ensure their effective management and operations so that students succeed in learning.
 - Collaborates with several department areas (e.g., Policy and Planning, System Assurance, Business Operations and Stakeholder Support) to develop annual school authority planning and reporting requirements, based on the Education Act.
 - Leads the annual evaluation and approval of Public, Separate, Charter, and Private (Independent) school authority Education Plans and Annual Education Results Reports.
 - Leads the evaluation of Charter schools and charter renewals and recommends approval to the Minister, based on the Education Act and the Charter Schools Regulation.
 - Leads the review of annual Independent (Private) School operating plans as per the Private Schools Regulation as well as conducting monitoring activities to provide assurance on private school operations.
 - Provides leadership and guidance in the interpretation and implementation by school authorities of education-related legislation, regulations and policies and ministry programs and initiatives.

The Field Services Manager's evaluation and approval of requirements along with ongoing guidance with superintendents (CEOs) significantly impacts the overarching goals and commitments of school authorities for how they will operate and expend over \$7 billion that government provides annually in the service of student learning.

3. Recommend and initiate improvements for school authority services to students.
 - Ensures school authority compliance and accountability when issues arise, including requiring a school authority to develop an improvement plan and holding the school authority accountable for compliance.
 - Leads additional monitoring, recommending and implementing increasing consequences that are escalated with recommendations to the Director, Executive Director, Assistant Deputy Minister, Deputy Minister, and Minister as required. Recommended consequences can include recommending that the Minister cancel the accreditation of a school authority or that a school board be removed.
4. Gather, synthesize and share system intelligence to keep senior department officials and the Minister apprised of current and emerging opportunities and issues in the field. The department and Minister rely on this position to have significant and in-depth knowledge of several school authorities. This position leads the synthesis and interpretation of education-related trends at the local and provincial levels to inform policy directions and decision-making. The Field Services Manager is relied upon to assess and determine if approaches or initiatives are practical and practicable in the field. The Field Services Manager serves as the primary point of contact in the department when business areas from across the department or Government of Alberta have an issue or require advice related to a school authority.

Responsibilities include:

- preparing and refining policy and decision-making advice that includes Action Requests and briefings to senior department officials and the Minister
- reviewing and recommending changes to provincial policy, funding regulations, and standards documents issued by Field Services and other department areas

- collaborating with other department areas to support communication with school authorities and stakeholder organizations on topics such as the roll out of system-wide initiatives.
5. System capacity building for the delivery of services to clients and stakeholders within the province is supported and continually enhanced. This position seeks out and shares opportunities for innovation and improvement within the department and in the field. The Field Services Manager helps school authorities and stakeholders by providing clarity of messaging from the department and to connect the dots. The position also assists school authorities and stakeholders in understanding legislative, regulatory and policy requirements and strategic directions (e.g., Business Plan) from Alberta Education and developing coherence to the Kindergarten to Grade 12 Education System by aligning ministry and school authority policies and practices (e.g., assisting school authorities to update their local policies and procedures to align with requirements of the Education Act and regulations).

Problem Solving

Typical problems solved:

Examples of difficult or challenging situations faced by the Field Services Manager include:

- managing non-compliance by school authorities of directives from department - and being accountable for school authority compliance
- being the first point of contact in the department and providing sound and reasoned advice to school authority leaders (superintendents, private school principals) when there is a significant local issue or crisis such as school lock down, teacher misconduct or a natural disaster - e.g., Field Services Managers played a key role in coordinating supports from across the department to school authorities and superintendents affected by the Fort McMurray wildfires
- identifying win-win approaches and solutions when school authority/community beliefs don't align with provincial legislation, regulation or policy (e.g., reconciling expectations of government for Gay-Straight Alliances and school authority religious beliefs)
- providing program expertise for litigation and Human Rights complaints on educational matters
- supporting the Minister, ministry colleagues and superintendents in resolving conflicts between interest groups and school authorities through mediation, negotiation and consensus building that often have diverse, deeply held and opposing beliefs, perspectives and priorities.
- supporting the Minister and ministry colleagues in shaping provincial legislation that balances competing interests while ensuring Alberta maintains a world-class education system (revisions to the Home Education Regulation that enables parents to home educate without supervision of a school authority while protecting children's rights to an education).

Effective problem solving by the Field Services Manager relies on developing and maintaining relationships based on trust, integrity and sharing of knowledge.

Types of guidance available for problem solving:

The Field Services Manager relies on developing and maintaining relationships based on trust, integrity, shared understanding of the operations of a school and a school system. Guidance is provided through the transfer of knowledge from:

- government strategic priorities, policy directions, and ministry business plan goals
- overall operations of the Kindergarten to Grade 12 education system, including the management of numerous school authorities and schools
- applicable provincial legislation and regulations, (e.g., Education Act and Regulations; Public Inquiries Act; Teaching Profession Act; Freedom of Information and Protection of Privacy Act; Municipal Government Act, Government Accountability Act; Local Authorities Election Act)
- related regulations and policies (e.g., Home Education Regulation, Charter Schools Regulation, Complex Educational Needs Tribunals, Reviews by the Minister, professional practice standards, Teacher Supervision and Growth Policy, Alberta Program of Studies; Guide to Education; Funding for

As this position reports to the Director, the Field Services Manager can seek additional guidance from the Director as well as team colleagues in South Services Branch.

Direct or indirect impacts of decisions:

The Field Services Manager is the department's lead and point person for school authority superintendents (CEOs) and private school principals for ensuring that Kindergarten to Grade 12 school authorities align their policies, operations and practices with provincial legislation, regulation and policy, which provide the parameters for their governance and operations.

The Field Services Manager promotes innovation and system effectiveness; monitors and provides direction to school authorities for compliance on planning, reporting and accountability/assurance requirements, and is accountable for ensuring school authority compliance.

This position has significant impact in ensuring the ministry and school authorities have a shared understanding of system priorities and annual operations, and that there is effective collaboration in meeting common goals as outlined in the Alberta Education Business Plan.

The Field Services Manager leads the proactive identification of issues and works closely with school authority superintendents (CEOs) and private school principals to solve issues early on so that they don't escalate and negatively impact the education system, local communities, families or students.

The Field Services Manager mentors, motivates, develops and sets business goals and priorities for a team comprised of professional and administrative staff.
