Design: Identify Job Duties and Value

Job Purpose and Organizational Context

Why the job exists:

Reporting to the **Director**, the **Curriculum Consultant** leads complex curriculum projects and works collaboratively with their team to support the operations and overall functioning of the branch.

The **Curriculum Consultant** supports the development, implementation, and continuous improvement of high-quality Kindergarten to Grade 12 (K-12) curriculum that is in alignment with *The Guiding Framework for the Design and Development of Kindergarten to Grade 12 Provincial Curriculum* (The Guiding Framework).

The **Curriculum Consultant** must develop and maintain strong communication and working relationships with stakeholders and be well connected with the education community to stay informed of educational contexts, share curriculum knowledge, and ensure timely and accurate information flow and identification of issues.

The **Curriculum Consultant** may represent the department and government on subject- or program-area related committees at the provincial and national levels.

The **Curriculum Consultant** will

- contribute to high-quality curriculum and/or implementation supports informed by current research
- research, analyze, and synthesize information from a variety of sources to support curriculum development and

implementation

- establish and maintain strong communication and working relationships with stakeholders to ensure timely and accurate information flow and identification of issues
- carry out other duties as required

Responsibilities

Job outcomes (4-6 core results), and for each outcome, 4-6 corresponding activities:

1. The **Curriculum Consultant** actively works with internal and external stakeholders (including cultural and other community leaders) to
 - seek input to inform curriculum development and implementation decisions
 - build capacity in the application of the curriculum and implementation supports
 - promote curriculum development and implementation and seek the broader involvement of cultural and interest communities
 - contribute to the authentic inclusion of Francophone and First Nations, Métis, and Inuit perspectives and experiences in the curriculum development and implementation processes
 - establish and maintain strong communication and working relationships with stakeholders to ensure timely and accurate information flow and identification of issues
2. The **Curriculum Consultant** contributes to effective branch operations by
 - leading and effectively managing team operations, including human and financial resources (contracts/grants), as assigned. This may include the supervision of Interchange Participants.
 - working collaboratively with team members to support decision making regarding content, development processes, research, and planning
 - providing advice and recommendations on emerging issues, opportunities, and challenges
 - developing analyses, business cases, and briefing notes to assist with decision-making processes
 - developing and leading detailed project plans
 - contributing to the design and delivery of professional learning for internal and external stakeholders to support consistent application of the vision, guidelines, considerations, and features identified in The Guiding Framework.
3. The **Curriculum Consultant** responds to a high number of information requests by
 - studying the nature and intricacies of the request
 - researching all the issues
 - deciding on key considerations and recommendations
 - preparing a department response, including briefing materials, appropriate support materials, and correspondence
4. The **Curriculum Consultant** develops curriculum for Social Studies and English Language Arts and Literature by
 - anticipating the curriculum requirements required for the future
 - actively monitoring learning outcomes and working toward their continual improvement
 - leading and supporting the maintenance and development of high-quality curriculum
 - providing specialized advice to support the implementation of new curriculum and monitoring its continued use
 - synthesizing and summarizing researched content from a variety of sources (e.g., scholarly peer-reviewed academic journals, administrative publications, government studies, books, jurisdictional reviews) to support

curriculum development

- providing information and supports to stakeholders and other education partners regarding curriculum
- providing research-informed advice to leadership regarding curriculum content and sequencing of learning
- providing a seamless transition in curriculum from grade to grade, from level to level, and from senior high to post-secondary studies and the workplace
- providing expertise, advice, and support for the development of new curriculum in the Humanities

Problem Solving

Typical problems solved:

The **Curriculum Consultant**, under the supervision of the **Director**, makes recommendations to leadership in the decision making, planning, and management of curriculum and curriculum support materials. The position has direct influence over significant activities and materials related to curriculum development and implementation, and is accountable for the delivery of high-quality curriculum and curriculum related materials.

The **Curriculum Consultant** provides strong project management skills, guidance, vision, and mentorship to their team.

Leadership and diplomacy are required to promote understanding and consensus among parties with multiple perspectives, interests, and priorities.

The **Curriculum Consultant** must have excellent interpersonal skills, including a demonstrated ability to establish and maintain effective working relationships and networks with internal and external stakeholders, and partners.

The **Curriculum Consultant** must have a strong ability to negotiate, compromise, and build consensus among parties to deal with identified risks and issues, ensuring a positive outcome for the department, partners, stakeholders, and students.

Flexibility, responsiveness, and ability to collaborate are key attributes required for effective coordination, organization, and leadership in this position.

Types of guidance available for problem solving:

Consultation with team and supervisor to identify long- and short-term goals of the team, branch, sector, and division.

Opportunities to collaborate with colleagues from other areas of Curriculum Division and other divisions for understanding of tasks.

Collaborative work environment that encourages clarifying questions for quality work.

Direct or indirect impacts of decisions:

Decisions of this position have both direct and indirect impacts on internal and external colleagues as well as the public. This position is empowered to make informed recommendations and to implement final decisions.

Key Relationships

Major stakeholders and purpose of interactions:

Primary relationships to this position are internal and external stakeholders.

Deputy Minister, Assistant Deputy Minister, Executive Director: As required to provide briefings, recommendations and advice.

Director: As a direct report to the Director, work closely with the Director to brief, update on priority timelines and

milestones, advise of any issues and ask for support as required.

Sector/Branch: As part of the sector/branch team, participate in and contribute to the effectiveness of the sector/branch. Collaborate on projects and initiatives as required.

Employees and Interchange Participants: Mentor, guide, and lead in order to plan, manage workload and priorities, and coordinate operational requirements and initiatives.

Division, Ministry, Cross-Ministry Staff: Maintain collaborative working relationships in order to understand and incorporate multiple perspectives into priority work, contribute to various departmental priorities as appropriate, provide recommendations and advice, and exchange information.

Education Partners and Stakeholders: Establish collaborative working relationships to provide advice and enable their input into priority work.

Required Education, Experience and Technical Competencies

Education Level	Focus/Major	2nd Major/Minor if applicable	Designation
Master's Degree	Education		

If other, specify:

MA in related field + five yrs related experience or equivalent (Bachelor Deg. in related field + 7 yrs exp)

Job-specific experience, technical competencies, certification and/or training:

This position requires expert knowledge of

- curriculum development models
- current and formative research regarding trends in curriculum and technology development
- K-12 Humanities Education (ELAL and SS), including a thorough understanding of its philosophy, history, and current and formative research
- the theory, principles, and practices in Kindergarten to Grade 12 ELAL and Social Studies to ensure high-quality, research-informed curriculum development
- organizational culture and leadership theory
- department goals and policies that relate to curriculum development and implementation
- structures and policies of school authorities with respect to provincial accountability systems
- the broad framework of department policies to manage the curriculum development and implementation process

The position works within a broad framework of policies, including

- *Education Act*, the Funding Manual, and *The Guide to Education, K-12*
- *The Guiding Framework for the Design and Development of Kindergarten to Grade 12 Provincial Curriculum*
- Ministerial Order on Student Learning
- *Freedom of Information and Protection of Privacy Act (FOIP)*
- Applicable department policies and curriculum development standards, guidelines, and processes

Assets
